

Welkom op UGC De Pan

Jan van Mondfrans
22-05-2018

HARRY S. COLT

Onderhoud baan tot 2005

Serious damage

Start trial summer -2003

Trial on hole 9 in 2005

Best practice 2010!

Without wetting agents
we did not dare to do this !!!

Proeven op fairway 9 (2012 / 2013)

2014 – proef

proeven

24 june 2015

Greenkeeper
of
Course Manager?

Strategy De Pan

- * Go back to traditional Fine turf Golfcourse management
- * Use as less fertilizer and irrigation water as possible = *sustainable*
- * Fairway management only with wetting agents !!

Voorlichting

Minder pesticiden = minder water / minder kunstmest

“Volg de natuur”

Nieuwe grasrassen:

- Lagere stikstof behoefte (N)
- Resistenter tegen ziekten

Toleranter tegen:

- kort maaien
- droogte
- betreding

Thank You !
